We have been aware that the Conservation Area report has been deferred for a review of their findings and hopefully amendments to the report.

25.10 Conservation Area

The Parish Council complained that the recommendation to change Anstey's Conservation Area had gone straight to an Executive Meeting without any further communication with the village. It was subsequently withdrawn due to Anstey's petition. There was an opportunity to present at the Executive Meeting which the Chairman did on 5th March 2019. He gave a presentation on why the village were opposed to the planned changes to our conservation area and had subsequent conversations with Suzanne Rutland-Barsby. The Chairman made it clear that we were disappointed there was no consultation or partnership between our submission and the Conservation Plan presented to the Executive Meeting. This is now being re-evaluated.

Mark Dry assisted with the installation of the cabinet and provided electricity to power a small heater to the cabinet. Cllr Oxley is the guardian. It is linked to the Ambulance Service (clerk to check – Ref. 1580 Blind Fiddler, Anstey). A training session would be worthwhile, although it is very easy to use. Clerk to investigate training.

Cllr Oxley to consolidate a list of telephone numbers of those interested that can courier the defibrillator to others in the village in the event of an emergency.
