District Councillor Comments from DC Boylan

A Boundary Review is being undertaken for EHDC, the first since 1980's by the Boundary Commission for England. Following over 40 years of housing development and increases of population, the ward areas covering villages may be reorganised. Links are on EHDC (clerk forwarded to councillors). Consultation closes 6 December 2021 and any changes will come into effect from May-22.

Parish and Town Engagement Event is planned for 30th November via zoom, clerk circulated to councillors.

Update on Plot 64 Travellers Site at Hare Street (Ref. 3/20/2139/FUL) is that the developer has referred the application to the Secretary of State as an appeal. It was noted the Planning Inspectorate had a large backlog of appeals to process. In the meantime, Plot 64 will be monitored by EHDC. Anstey Parish Council voiced concerns that breaches for applications awaiting decisions may not be enforced.

Cllr Oxley enquired on food waste collections, it was confirmed these will recommence when legislations comes into effect in Apr-23.

County Councillor Report from CC Jones - HertsLynx

I hope you have had the opportunity to experience the DRT, (Demand Response Transport), HertsLynx Bus Service that started operation in September servicing North and East Herts centred on Buntingford. The service operates via an App downloaded from www.intalink.org.uk/hertslynx or via the website or phone.

There are currently three minibuses in operation with a further two additional vehicles added to the fleet in June 2022 which Councillors are pushing to be fully electric. The vehicles are equipped with free Wifi and USB charging points. In the first four weeks of service the demand has been over expectation with 1081 booking and 1050 people downloading the App. This service has been a great benefit to residents in the villages and I believe is the way forward for future public transport in rural areas.

Sustainable Hertfordshire Eco Fair

Following on from the UN Climate Conference, COP26, Herts County Council would like to invite you to the first ever Sustainable Hertfordshire Eco-Fair. This free to attend event, taking place at County Hall, Hertford on Saturday 27th November (doors open at 10am) will demonstrate to residents how the council is working towards making Hertfordshire a cleaner, greener and healthier county. Please visit the Eventbrite page to register: <https://email.hertfordshire.gov.uk/5ESZ-G4V1-4BECEFE479496BCE1M7DH7D117E7F987704F99/cr.aspx>

Councillor Surgery

I have started to hold face-to-face meetings with residents to discuss their concerns and address their issues, with monthly Councillor Surgeries. These Surgeries are by appointment and held at The Manor House, Buntingford on the 3rd Friday in the month and are available by calling 01763 272222 and details will be given.

Cave Gate

Nothing new to report. I have not received any information on these works or further fault reporting at this location.

41.5 Police Report : BURGLARY / CRIMINAL DAMAGE – Ansteys Quarry

Between 12th – 28th October 2021, it is believed that unknown Suspects have gained entry to the derelict site of the Ansteys quarry by damaging the outer fence perimeter and main gate & lock. Whilst on site, Suspects have removed cladding from the main workshop building and have then left the area by means unknown and in an unknown direction.

There has also been a recent increase in Thefts from motor vehicle, which is not unusual as we approach the festive season, so we are urging residents to ensure cars are locked (even if they are parked on a driveway), to remove all valuable items from within and to ensure that the car key is out of range should their vehicle be 'keyless entry'.

There will also be an increased presence around Halloween so any reports of ASB should be called in on the police non-emergency number 101.

41.6 Minutes of the Meeting held on 27th September 2021 were reviewed, amendments to 41.7; Ansteys and Horstead PCs remove 'or' and 40.10 – the lower field / the bottom field – this is the valley from playing field towards Meesden. Following these amendments, the minutes were accepted as correct. The chairman was authorised to sign the minutes of the meeting held on 27th September 2021.

It was agreed to add 'Matters Arising' to follow Minutes on future Agendas.
